By BEN ED DOANE.

ASPER, DUBOIS COUNTY, INDIAN

Entered as second-class matter at the postoffice at Jasper, Ind., under the act of March 3, 1897.

Subscription \$2.00 Per Year.

This paper is mailed regularly to subscribers until a definite order to discontinue is received and all arrears paid in full; unless in the direction of the publisher a different course should be deemed advisable.

FRIDAY, JUNE 4 1920.

The Courier for over 63 years under the Doane management exclusively have always been the leader. As it is today in raising its subscription price to \$2 per year. Its editor pities the poor devil of a publisher who is afraid of his subscribers or afraid of losing a few cheap skates who don't want to pay for what a thing is worth. The Courier subscription price is \$2 per year.

Binghamton Clothiers Fined

Syracuse N. Y. — Justice Martin T. Manton, in United States court, fined Woods Inc., Binghamton clothiers, \$31,000 today following jury findings of guilty on all eight counts of profiteering charged against the firm.

Woolen Indicted on Profiteering charges.

New York, May 27 — The American Woolen company was charged with profiteering in an indictment returned here by the federal grand jury.

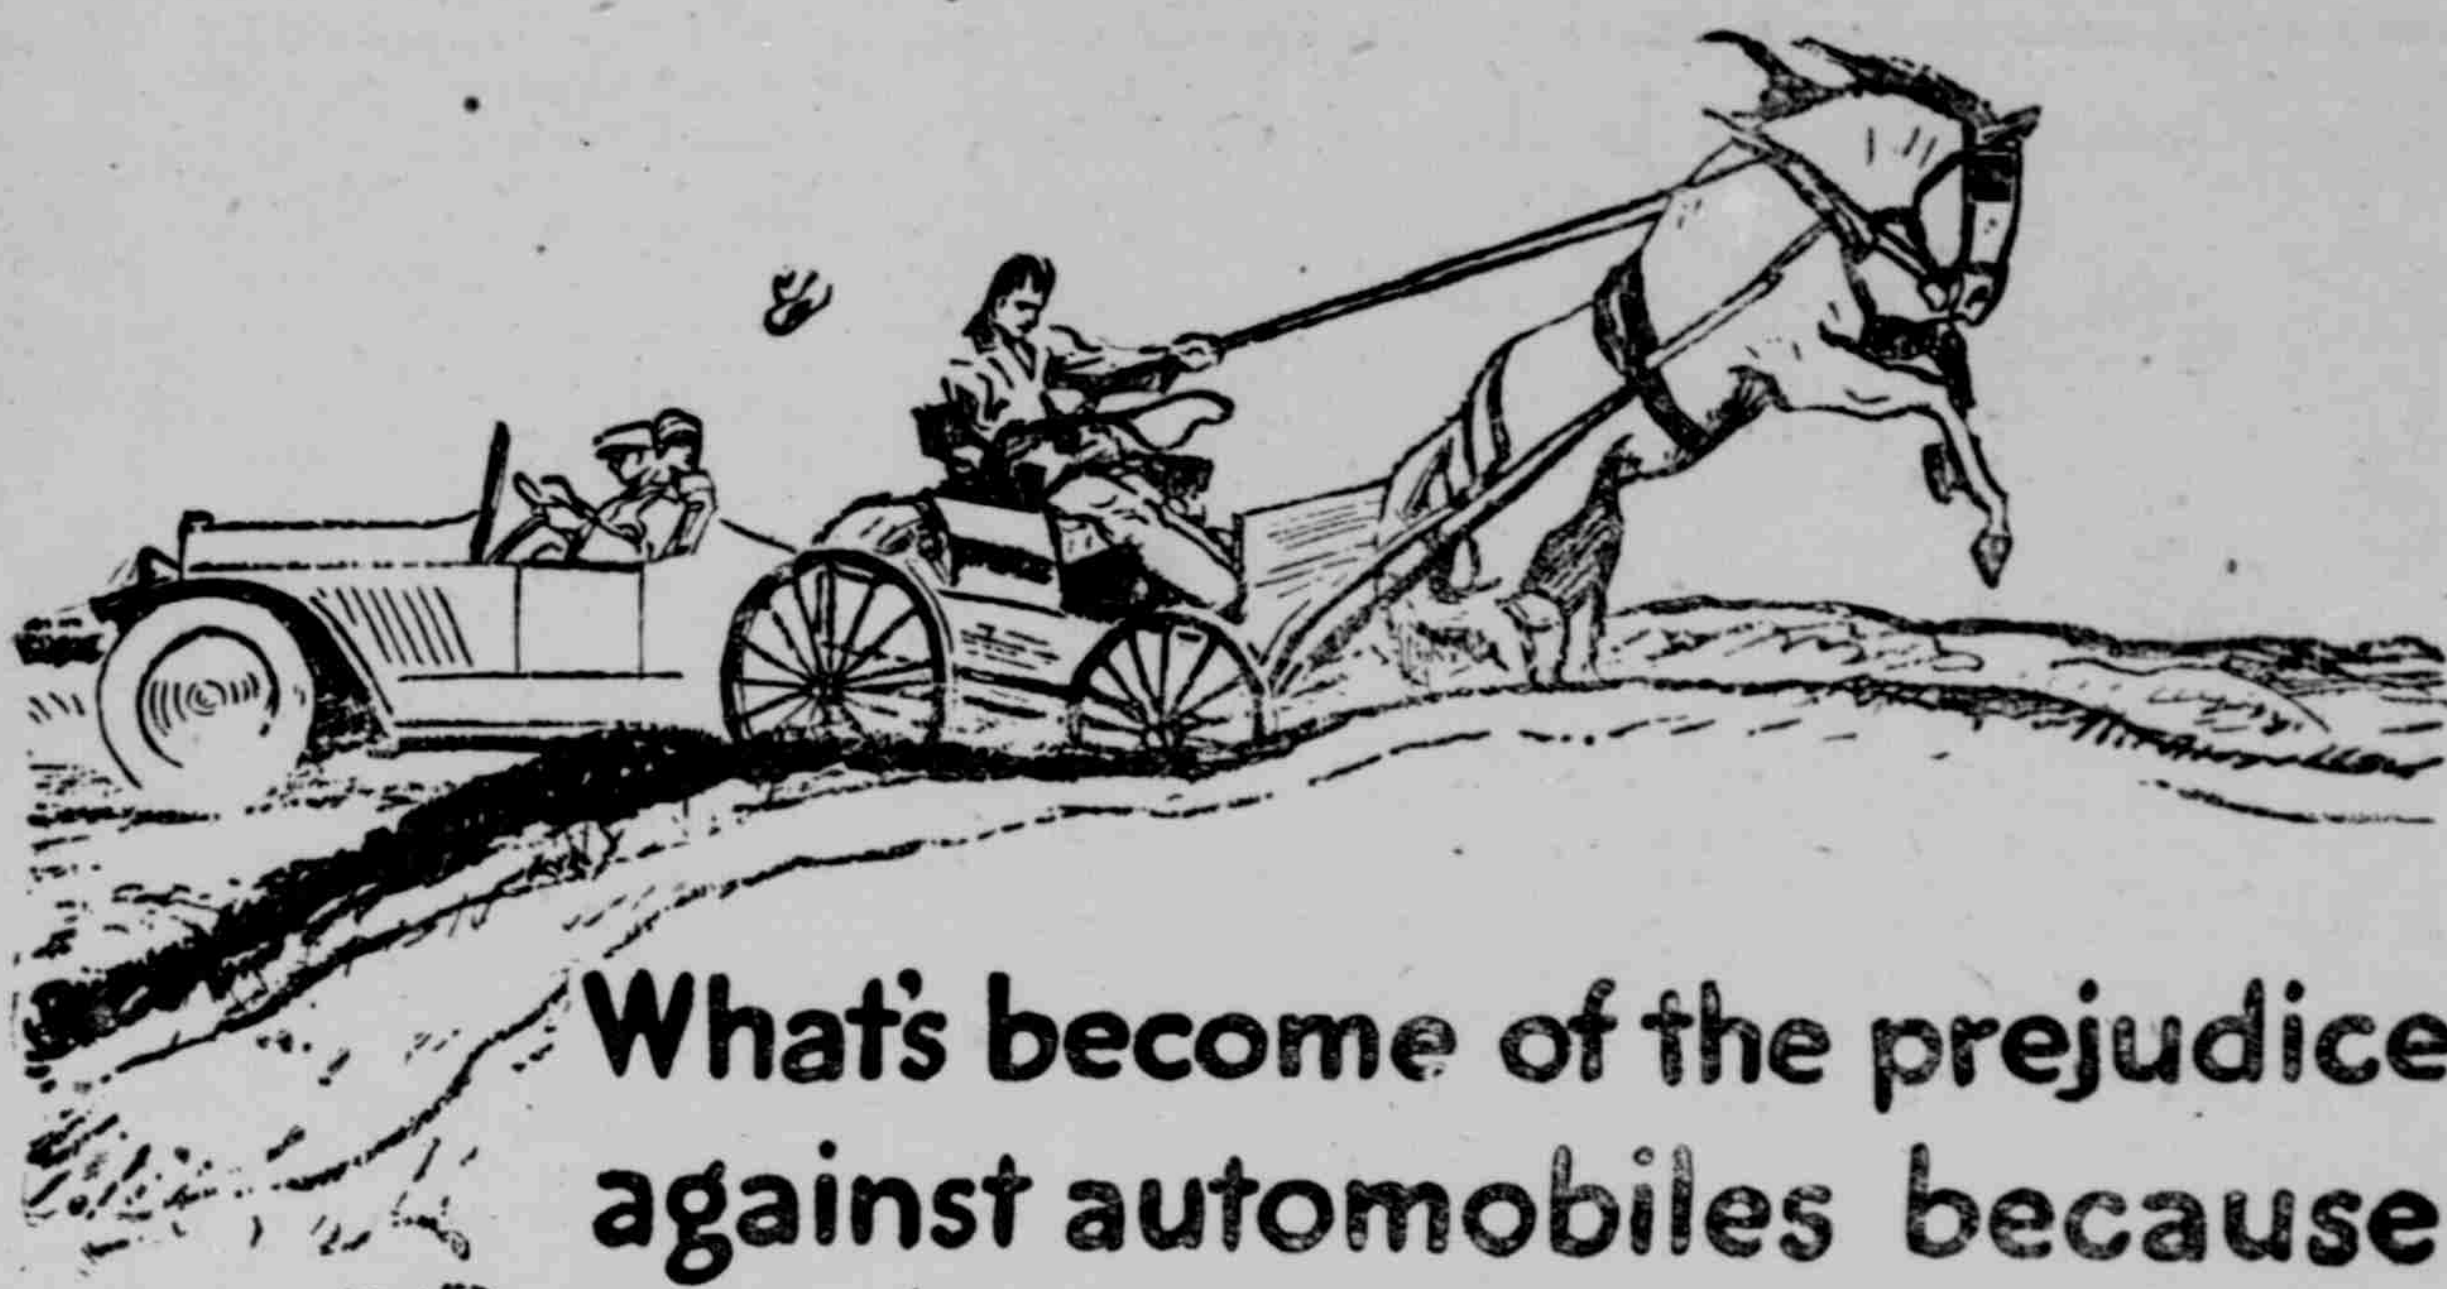

With the American Woolen company of New York were indicted the American Woolen company of Boston, and William M. Wood, president of both companies.

The indictment, charging violation of the Lever act, contained 12 counts, alleging that the American Woolen company had sold cloth at unreasonable and unjust rates.

THE CONSERVATIVE BROTHER

"I don't 'buse Satan any mo' in I kin help," said Brother William "which means, no mo' in I has to, fer'pearances sake; 'cause he might take a notion ter git even by settin' fire ter my wings w'en I'm flyin' high!"

A Missouri exchange says "burglars and bank robbers are smart, but they do a lot of unnecessary things. Cutting the telephone wires, for instance."

What's become of the prejudice against automobiles because they frightened the horses

NOW cars are everywhere. The horses have gotten used to them—and so has everybody else. Think of it! This year the American people will spend nearly a billion dollars on tires alone.

Tires are one of the biggest items on the car owner's bills.

Hardly a Saturday, when you motorists drop in to "tune up" for a Sunday trip, that one or more of you doesn't tell us something of value to our business. Sooner or later it comes back to you in Service.

Service is what the car owners of this community are looking for nowadays.

And especially the small car owners, who put service

first in figuring their motor-ing expenditures.

Just because a man has a moderate-price car is no reason why he should get any less service out of his tires.

We believe that the man with the small car is entitled to just as good tire service as the man with the big car—and both are entitled to the best tire service they can get.

That's why we represent U. S. Tires in this community.

And why more car owners—large and small—are coming to us every day for U. S. Tires.

Come in and talk to us about tires. We're here to help you get the kind of tires you want.

Subscription price \$2.00 per year.

TWO DOLLARS PER YEAR.

We have just received word from our paper house that on and after June first paper prices will be increased 33 per cent. With the raise of 40 per cent last Dec 1; this makes an increase of 73 per cent, during the past six months. With the increase of 122 per cent during 1918 and the first part of 1919, is an increase of 195 per cent during the past 18 months for print paper alone, labor and other items have gone up in proportion. Until it has become a fact that any man who undertakes to publish a paper the size of the Courier loses money on every subscriber he has at \$1.50 per year. There is only one way out that is to increase the subscription price, reduce the size or die. The Courier does not like to do either but it is a case of haff to. So after June 1 1920 the Courier subscription will be increase 33 per cent or from 1.50 to 2.00 per year. Even at two dollars a year the paper is really cheaper than it was in 1914 when you paid a dollar, that was a dollar, now you pay two thirty cent dollars so in fact you get it now for 60 cents. The dollar weekly and the 1c daily are a thing of the past. It will soon be the \$3 weekly as well as the 5c daily, it is in many places now.
